Parking Locations:

Parking locations are determined by several variables such as availability, classification, housing assignment and more. Many locations fill quickly and require a waitlist for assignment.

Easy ways to avoid a citation:

1 Obtain a parking permit and use it to park your registered vehicle in the assigned location on campus.

2 Do not park in loading docks, fire lanes, and any areas that are not marked as a parking space. *Don't even do it for a minute on the curb with your flashers on.*

3 Some parking decks allow access to all vehicles in the evening and overnight hours. All vehicles that do not have a valid permit for the facility must exit the facility by 6AM.

4 Always display your permit and park so that your vehicle license plate is visible from the drive lanes.

5 Permits are not transferable to other people. Only purchase a parking permit from the parking office. Never loan, buy, sell, trade or barter your parking permit.
