

Emory University is actively working toward a campus in which no student fears or experiences violence. Sexual Assault Prevention for Graduate Students (Formerly Known as Haven Plus). Through it you will learn about preventing and responding to multiple forms of interpersonal violence, including sexual assault, harassment, relationship abuse, and stalking in the Emory community. Every incoming transfer, undergraduate, graduate, and professional student at Emory is required to complete this module.

The new link for Sexual Assault Prevention training [is now available](#). Since this is a new training system, any student who started Haven Plus before the conversion to SAP-G and did not have an opportunity to complete Part 2 will need to complete both **Part 1** and **Part 2** of the new Sexual Assault Prevention training (SAP-G).

I understand your time is valuable and I apologize for the inconveniences.

Please let me know if you have additional questions or concerns.
