

Dear AACN Member,

As you are aware, the Joint Commission on the Accreditation of Healthcare Organizations (JCAHO) issued new guidelines last year which resulted in many practice sites opting to require background checks for nursing students in clinical settings. In an effort to make compliance as easy as possible, AACN is pleased to announce a new partnership with CertifiedBackground.com, a division of Castle Branch, Inc.

CertifiedBackground.com is a leading background check provider with a proven track record serving the needs of nursing schools. The service is student-funded and there is no cost to your school or department. The student simply orders his or her background check online using a credit card or money order. The results are returned within days. If your school would rather pay for student background checks, CertifiedBackground.com can accommodate institutional funding as well.

Through this new partnership, AACN has negotiated a significant discount for members looking to assist students needing a background check. Discount pricing is also available to schools for faculty and staff screening. Through this agreement, CertifiedBackground.com will contribute to AACN a percentage of revenue received from member institutions who utilize their services. These contributions will be used to support AACN's advocacy and outreach work.

As a member of AACN, your students will receive a 10% discount, making CertifiedBackground.com the smart choice for student background checks.

Sincerely,

Robert Rosseter

Dear AACN Member,

For years we've worked diligently to provide an easy and cost effective way for our clients to perform background checks. We are proud to now offer the same service, plus a 10% discount, to all AACN members. Since the JCAHO compliance requirements were announced, we've helped thousands of students perform their background checks through our online service.

Our background check process is secure and user friendly. It takes minutes to set up an account and the ordering process is quick and easy. Results are made available within days and can be viewed securely online.

Since background checks are frequently required of all students working in a clinical environment, we are here to help your students get certified as soon as possible. We look forward to working with all members and their students.

Sincerely,

Joe Finley
